What is known about SheWorks

- A workforce program of the institute (Carson, CA; founded 2022), not a separate entity.
- Announced October 2025; first cohort of about 30 women, January–May 2026, at the L.A. Care / Blue Shield Promise Community Resource Center in Long Beach.
- Stipends, childcare and ride credits; the LA County Federation of Labor is a partial funder and the health plans host in kind.
- No FAC or USAspending awards; its funding appears only in TY2025+ filings.

What transfers to Calvary

- Program design: cohort model, stipends, childcare and transport, employer and health-plan partners, system-impacted women as a named population (an upgrade path for Step Up DC).
- Partner structure: labor federation plus health plans as a corporate-partnership pattern.
- Not a funding model to copy: the parent is more government-reliant than Calvary.
