Total	2024	$1,423,664			

Why this stream rests on one public data point

- Provider amounts appear only in the Council's FY2024 oversight responses (pp 111–112); DHS provider lists for 2025–2026 were not posted.
- TCP's own 990s do not itemize provider payments on Schedule I, so they cannot fill the other years.
- Every other year of this stream is unknown, not zero; the scenario baseline carries the FY2024 value forward (dhs_assumed_flat_from_fy2024).
- Sisters Rise is absent from the 2025 Housing Inventory Count (discovery flag D2); TCP subgrant agreements FY2023–FY2026 would close it.

Reading the SEFA

- SEFA lines are expenditures in the audited fiscal year, not awards; they are never added to OVSJG or CoC award amounts.
- FAC's 'audit year 2023' record repeats the FY22 lines; the FY23 audit PDF ($937,999) is used and both are kept, flagged.
- FY17–FY20 audits state Calvary was not subject to a single audit; the FY21 audit is silent; FY24–FY25 audits are not public.
